The Boston Conservatory of Music was founded February 11, 1867 by the eminent musician, Julius Eichberg, under whose leadership the Conservatory gained a standing among leading music schools attracting students from all parts of the country.

Following his death (1893) the Conservatory came under the direction of Herman P. Chelius, well known organist and composer. The school was first incorporated under the laws of Massachusetts in 1896. Reorganization of the Conservatory was effected in 1905 and 1914.

In 1920, Agida Jacchia, an honor graduate of the Conservatory of Pissaro, was appointed director, for ten years conductor of the Boston "Pops" (1917-1926), his knowledge and wide experience proved of inestimable value in establishing the prestige of the Conservatory. He continued as director until his death in 1932 and was succeeded for a short time by his widow, Mme. Ferrabini Jacchia.

In 1933 the Conservatory came under the leadership of Albert Alphin, a former pupil and teacher at the school. He is responsible for reorganizing the school as a nonprofit institution acquiring its present complex of buildings on the Fenway and the construction of its theater in 1949. Innovations under his guidance included the formulation of the Music Education Department (1933) and the establishment of a theater department offering programs in Drama and Dance leading to the baccalaureate degree. This combination was unique in making the school one of the first Conservatories in the country to offer professional training in the three performing arts, Music, Drama, and Dance.

In 1967, the Centennial year, George A. Brambilla was elected fifth President of the Conservatory, having served as Dean since 1963. It was during his tenure that further recognition was granted to the Conservatory by national and regional accrediting agencies. The expansion of facilities allowed for dramatic growth of student body and faculty, enhancing their influence in the educational community.

In 1979, Dale A. DuVall, formerly Vice President, was appointed President, thereby entrusting to him the legacy of the Boston Conservatory as well as its future growth.

It is the purpose of the Boston Conservatory of Music to provide professional training in the three allied arts — Music, Drama, and Dance — reinforced by a sound general education that will make graduates more resourceful as teachers and performers and more responsible as citizens. The numerous graduates now successfully active as performers or teachers speak for the realization of this purpose. To its continued realization, the faculty and administration are wholeheartedly devoted.

The Boston Conservatory of Music is committed that performance is fundamental to any career in the arts and it is with this belief that the Conservatory seeks to develop performance skills in all students. The faculty of performing artists, composers, and scholars have an earnest commitment to teaching and encourage students to perform in all areas of their art. The Boston Conservatory of Music curriculum is designed to give the student the required skills of their art to the highest degree possible in technical matters as well as the comprehensive outlook.

# THE LIBRARY

The Albert Alphin Music Library houses a specialized collection of books, scores and periodicals for music, drama and dance, as well as a representative collection of college-level books in the liberal arts. To meet the needs of the faculty and students, the library has increased its holdings at the rate of over 3,000 books, scores and recordings each year.

The library's music collection includes both miniature study scores and non-circulating GESAMTAUSGABEN of major composers, and a broad representation of minor and contemporary composers. In addition, there are scores for orchestra which include operas and ballets; chamber ensembles; concert band; stage band; choral works; solo instrumental and vocal works. There is also an extensive collection of libretti and piano-vocal scores of operas and musical theater.

A noteworthy collection is the Jan Veen-Katrine Amory Hooper Memorial Collection containing many rare and foreign books on dance and art. Within this dance section is a special collection on the subject of dance notation. Represented here is the chronological development of the Sutton Movement Shorthand. Created by faculty member Valerie Sutton, it is an innovative system of movement notation for the dance, with a broad range of applicability in other areas such as working with the deaf.

The library also houses phonograph and audio-tape recordings of the classical and contemporary music repertoire from its earliest history to the present, and of the spoken word in drama and poetry. A special collection is the audio-tape library of all major Boston Conservatory of Music performances from 1966 to the present, as well as selected lecture-recitals and video tapings. The Music Education Laboratory contains an annex of books, music and non-print materials concerned with music instruction at the elementary and high school levels. The library's audio-visual equipment includes modern listening facilities, slide projectors, portable phonographs, reel-to-reel and cassette tape machines, a microfilm reader and video tape set and deck.

The library resources are supplemented by the wealth of academic and special libraries to be found in the greater Boston area. Visitor passes may be obtained and materials borrowed through the Inter-Library Loan System which also gives access to libraries across the nation. Situated in the heart of Boston, the library further supplements its resources with the historic collections of the famous Boston Public Library, easily available due to proximity.

Recent benefactors who have contributed to the library's growth are Dr. John E. Knight, Chairman of the Board of Trustees, the late Katrine Amory Hooper, the late Jan Veen, and the families of the late Francis Findlay, Alfred Mirovitch, Lee Hrabá and Sybil Nute Garniss.

During the academic year, library hours are:

Monday thru Thursday .....	8 A.M.-10 P.M.
Friday .....	8 A.M.-5 P.M.
Saturday .....	10 A.M.-3 P.M.
Closed Sundays and during all school holidays.	

Summer hours are:

Monday thru Friday .....	9 A.M.-5 P.M.
Closed Saturdays and Sundays.	

A handbook explaining procedures is available in the library. Materials circulate to Boston Conservatory of Music students, faculty, staff and alumni. Outside students may borrow only through inter-library loan. Guests are requested to make an appointment prior to visiting the library.

## RESIDENCE

The Conservatory maintains residence halls near its classroom buildings, facing The Fenway. Each of these houses is supervised by its own director, and is notable for its home-like atmosphere and friendly cooperation. Meals are served in the Conservatory dining room where two meals are provided daily. A la carte lunches are available week days at nominal rates.

Room and board reservation should be made as soon as the student is notified of acceptance for admission. This reservation is secured by an advanced deposit of \$100, which is applicable to the student's account, and not refundable. Upperclass students returning to the Conservatory may make dormitory reservations by submitting a nonrefundable deposit of \$100 before March 15. In all cases, this reservation is held as binding for the school year, and may not be broken except for an emergency which, in the judgment of the Administration, necessitates a student's withdrawal from the school.

## PUBLIC PERFORMANCES

Throughout the year, the Conservatory maintains a full schedule of public recitals, concerts, and ensemble programs. In addition the Drama and Dance Departments present a variety of major productions and workshop performances. Faculty and guest artists appear frequently throughout the year. Regular attendance at these concerts and participation by qualified students is considered a vital part of the education at the Conservatory.

## UNDERGRADUATE ADMISSION

Application for admission must be made on official Conservatory forms and submitted no later than April 15 prior to the Fall intended entrance date. All applicants are considered without regard to race, creed, color, sex, or national origin.

For admission to a Degree Program, the applicant must be graduated from an accredited secondary school. College preparatory study should total a minimum of sixteen entrance units, distributed as follows:

English (4 years study) .....	4 units
Foreign Languages	
Mathematics .....	8 units
Social Studies	
Science	
Electives.....	4 units

In addition, applicants to a Degree Program must submit to the Admissions Office the scores of at least one national college entrance examination. The examinations are administered at secondary schools, or by direct arrangement with:

The College Entrance Examination Board  
Eastern Office: Box 592, Princeton, New Jersey 08540  
Western Office: Box 1025, Berkeley, California 94701  
The American College Testing Program  
PO Box 168  
Iowa City, Iowa

Transfer students must also submit transcripts from post secondary schools attended and a *catalogue*, together with a statement of release in good standing on a form available from the Conservatory. The maximum number of total credits which may be transferred from another institution is seventy-five. Those credits to be transferred will be done so at the discretion of the Dean.

Transfer credit from accredited collegiate institutions in Applied Music, Music Theory, Applied Drama, or Applied Dance is determined by examination on entrance to the Conservatory. Transfer standing and length of residency will be determined by the Board of Admissions or the Graduate Division. This determination will normally be made during the first semester of residency.

The Conservatory participates in the program of Advanced Placement Examinations of the College Testing Service. Students who demonstrate satisfactory achievement through this testing program will be awarded academic credit and advanced standing.

Foreign students must submit results of the Test of English as a Foreign Language. Additional information may be obtained from the United States Embassies and Legations.

For admission to the Diploma Program, a high school diploma or its equivalent is required.

## ENTRANCE REQUIREMENTS MUSIC

For acceptance to a music major course, an applicant must demonstrate, by audition, his ability to pursue Conservatory level work. Proficiency levels for acceptance are as follows:

**PIANO MAJOR.** All applicants in piano (applied and concentrate) are required to take a piano audition. Pieces for the Audition must be memorized and the literature should include a Bach Invention, Prelude and Fugue, or an equivalent Baroque composition; a movement from a Sonata by Mozart, Haydn, or Beethoven; one larger composition from either the Romantic or Contemporary period. Proficiency in scales and arpeggios is presumed. A sight reading test is also given at the time of the audition.

**ORGAN MAJOR:** An applicant should be able to meet the requirements for entering Freshmen in Piano and demonstrate a comparable advancement in technique and repertoire on the organ.

**VOICE MAJOR.** An applicant should prepare four art songs for the audition — one in Italian, and the other three in German or French (an aria may be included). The applicant should also be able to sing with true intonation and developed tone quality. The ability to play piano is highly desirable.

**STRING AND GUITAR MAJOR.** An applicant should have acquired a reliable technical foundation through the study and performance of etudes, scales, and appropriate repertoire.

**HARP MAJOR.** An applicant should have acquired a reliable technical foundation and have performing proficiency in appropriate repertoire.

**WIND MAJOR.** An applicant should have acquired a reliable technical foundation through the study of etudes, scales, and repertoire appropriate to his/her instrument.

**PERCUSSION MAJOR.** An applicant should have acquired a reliable technical foundation for the playing of snare drum, emphasized in stick control through such ma-

terials as the George Stone Book, and Goldenberg, Cirone and Firth. In mallet responsibilities, basic music fundamentals are required in addition to sight-reading skills expressed by etudes. The following composers could represent additional repertoire: Bach, Handel, Corelli, Creston, and Basta; in timpani, fundamental mallet control through the beginning two drum studies, Saul Goodman Timpani Manual; tuning through solfeggio patterns.

*MUSIC EDUCATION MAJOR.*

*COMPOSITION MAJOR.* Applicants to these programs must demonstrate proficiency on at least one instrument or voice. Ability to play the piano is highly desirable. In addition, the prospective composition student must evidence creative ability by previous compositions.

## ENTRANCE REQUIREMENTS DRAMA

Participation in an acting class, as well as the presentation of prepared monologues and/or songs, is required of all applicants to the Department of Drama. Applicants should allow at least three hours for the audition session, which will commence with warm-ups, exercises, and improvisations. Dress should be informal to allow freedom of movement.

All applicants must then present two contrasting monologues: one from contemporary drama, and one from the classic repertoire (pre-1800). Each selection should be at least two — but not more than three minutes in length. Monologues must be memorized and prepared thoroughly. Several speeches by one character may be blended — omitting other characters — to make a scene of sufficient length, or both parts of a two-character scene may be integrated. Audition materials should be selected to present the applicant's range and abilities.

Music Theatre applicants must, in addition to the above, be prepared to sing the following: (a) a light, rhythmic song such as "I Got a Lot of Living to Do" from *Bye Bye Birdie*; and (b) a ballad of sustained tone quality such as "If I Loved You" from *Carousel*. Applicants must bring their own sheet music; an accompanist will be provided.

## ENTRANCE REQUIREMENTS DANCE

Dance applicants must participate in two audition classes, one ballet and one modern. These auditions are to be announced. Applicants should bring to these auditions a recorded tape (7½ i.p.s. — mono) of two minutes duration, and be prepared to perform a two-minute individual dance solo in ballet or modern. This solo may be the student's own choreography or one prepared by a teacher. On acceptance to the program, the student has one year of probation. Continuation in the program is based on talent, intelligent cooperation and endurance.

## EXAMINATIONS

*SEMESTER EXAMINATIONS.* All Students following the degree or diploma programs are required to take examinations in their courses at the end of each semester when scheduled.

**APPLIED MUSIC EXAMINATIONS.** All students seeking credit in applied music must perform at Concert Hour and before a faculty jury at the end of each semester. Students with an unsatisfactory attendance record (fewer than 13 lessons per semester) will not be admitted to this audition, and will be graded "failure".

**CONCERT HOUR.** Weekly concerts give the student an opportunity to perform before the faculty and fellow students. Individual critiques guide the student in developing professional confidence. Minimum requirements are as follows:

	<b>Applied</b>	<b>Music Education and Composition</b>
Freshman year.....	1 2nd semester	1 2nd semester
Sophomore year.....	1 per semester	1 per semester
Junior year.....	2 per semester	1 per semester
Senior year.....	2 per semester	1 per semester
Graduate Students (full-time).....	2 per semester	2 per semester

**PROMOTIONAL AUDITIONS.** At the conclusion of the third semester of applied or dance study, each student will be evaluated by the faculty for promotion. The faculty will vote to advance or detain the student as well as issue a jury grade.

The grade 'Incomplete' may be issued to permit the student additional time to complete course requirements or to take missed final examinations, only when the cause of the delay has been authenticated illness or other emergency. An incomplete issued at the end of the Fall semester must be completed before the end of the fifth week of the following Spring Semester. An incomplete issued at the end of the Spring Semester must be completed before the end of the Summer Session. An incomplete issued at the end of the Summer Session must be completed before the start of the Fall Semester. Students may withdraw from individual courses after permission has been granted by the Dean. A grade of "W" will be recorded for the course, which will not be figured into the semester grade point average.

**ACADEMIC PROBATION.** Students carrying a grade point average of 1.700 or below will be placed on academic probation for the semester. Significant improvement must be shown in following semesters, or dismissal will result at the Dean's discretion.

## SUMMER SESSION

Undergraduate and graduate courses in applied music, music history, theory, composition and music education are offered during the Summer Session. Summer Session programs in Drama and Dance are also available. Academic credit for Summer Session may be earned (1) if the student has previously matriculated at the Conservatory, (2) by transfer student acceptance for enrollment, or (3) by a guest student from another collegiate institution with written authorization from an appropriate official of the institution.

## EXTENSION PROGRAM

Private instruction in instruments and voice is available to those who may wish to pursue such studies during the day or early evening hours. Extension dance classes are also available. Academic credit is not available for extension studies.

## GRADUATION REQUIREMENTS

**APPLIED MUSIC MAJORS** must have studied a comprehensive repertoire of literature in their chosen field and must give solo recitals in the junior and senior years. Outstanding soloists may audition for performances with the orchestra or other instrumental combinations.

**MUSIC EDUCATION MAJORS** must have studied representative literature in their applied concentrate and must give a public recital in their senior year. This recital must be performed from memory by voice and piano concentrates.

Other instrumental concentrates must perform at least one major work or equivalent from memory.

**COMPOSITION MAJORS** must give evidence by examination that they have acquired proficiency in their applied concentrate and must present for approval a folio of original compositions (neatly written in ink) as follows:

1. not less than five works in smaller forms — piano pieces, songs and/or solos for orchestral instruments;
2. a composition in fugal form for string quartet, woodwind or brass ensemble;
3. an example of sonata-form for piano or for ensemble combination;
4. a composition of symphonic proportions or a work for chorus and orchestra (minimum duration 15 minutes). Two copies of this final work must be appropriately bound and presented to the Conservatory Library two weeks before graduation.

In addition to prescribed course work composition majors are both encouraged and expected to do creative works on their own. Frequent concerts of student compositions are presented.

All candidates for the undergraduate degrees and diplomas must provide evidence of successful completion of the prescribed curriculum. A student receiving grades below C- in more than twelve credit hours *will not be permitted to graduate*.

# THE GRADUATE DIVISION

THE BOSTON CONSERVATORY OF MUSIC offers courses leading to the Master of Music degree in the fields of Applied Music (instrumental and vocal), Composition and Music Education. The Graduate Division Program is open to those who hold the Bachelor of Music degree or other equivalent baccalaureate degree with a major in music from a school of recognized standing. Records of undergraduate studies presented for entrance must represent work equivalent in quality and content to that prescribed for similar degrees at the Boston Conservatory.

**REQUIREMENTS:** The minimum requirement for the master's degree is the completion of thirty-two semester hours, twenty-six of which must be earned in residence. A grade of B or better must be obtained in all subjects in the course. No applicant may assume that he may fulfill the requirements in one academic year, since much depends upon the undergraduate preparation, possible deficiencies to be removed, and the ability of the individual student. Applied majors, or music education candidates electing the recital option, are required to be registered and studying in the respective applied area for a minimum of four semesters, or the equivalent. All undergraduate prerequisite studies in the major field must be made up without graduate credit. A change of major from the undergraduate level will usually involve the fulfillment of prerequisites. All graduate programs, including elective subjects and changes of program, must be approved, and all degree requirements must be completed within five years from the date of matriculation.

Each candidate for the degree with a major in APPLIED MUSIC will be required to present a full length public recital demonstrating high artistic accomplishment. The program for this recital must be previewed before a faculty jury for approval before the date of the public recital are available from the Chairman of the Graduate Division. Credit for the final semester of applied study will be issued upon successful completion of the public recital.

A candidate for the degree with a major in COMPOSITION is required to prepare a thesis. The thesis will be one of the following:

- (a) An original composition scored for full orchestra and requiring not less than fifteen minutes in performance. The composition may be for chorus, solo voice, or an instrument, with orchestral accompaniment.
- (b) An original composition for chamber orchestra requiring not less than fifteen minutes in performance.
- (c) An original orchestral composition scored for full orchestra requiring not less than ten minutes in performance, and a shorter work for chorus or an instrumental combination requiring not less than five minutes in performance.

Two bound scores of the above must be presented to the Conservatory Library prior to the date of graduation. A candidate in this curriculum is required to elect a minimum of twelve credit hours in Composition subjects at the graduate level, and four credit hours of applied music study.

A candidate for the degree with a major in MUSIC EDUCATION may choose one of the following:

- (1) The preparation of a thesis concerning an approved topic of interest and importance in the field of Music Education. Preparation of the thesis will be under the guidance of a faculty advisor. A completed typewritten copy of the thesis must be submitted to the Conservatory Library prior to graduation. In this program the candidate must elect Introduction to Graduate Study, Music Education 129 and 130 (Thesis), a minimum of 12 credit hours of Music Education elective, and a minimum of 4 credit hours of applied music study.

- (b) The performance of a full length public recital demonstrating high artistic accomplishment. The program for this recital must be previewed before a faculty jury for approval before the date of the public recital will be announced. Specific requirements for the graduate level recital are available from the Chairman of the Graduate Division. In this program the candidate must elect a minimum of 12 credit hours of Music Education electives, and 12 credit hours of applied music study. Credit for the final semester of applied music will be issued upon successful completion of the public recital.

**ADMISSION:** An applicant to the Graduate Division must comply with the following:

## MUSIC HISTORY AND LITERATURE

The undergraduate Music History and Literature program is designed for the scholarly performer. The content of each course is based on a sequential overview of a particular historical period, each concentrating on pertinent reading and listening assignments. The basis for the readings is Donald Jay Grout, *A History of Western Music*, writings by and about composers and theoretical and aesthetic treatises. The goal of the program is to familiarize each student with the composer, his music, and the context in which they are found.

The requirements for Undergraduate Music History and Literature, although necessitating only four courses (a total of four semesters, eight credit hours), may be supplemented by *Music Theory/History Electives*. A student should take one course from Group A, one from Group B, and one from Group C, plus one additional course from any of the above groups to fulfill the core requirements. If the student elects two semesters of history for the *Music Theory/History Elective*, he may take the remaining two course offerings. If he elects one semester only of history plus one of theory, he should take the theory in the first semester and history in the second, due to the sequential nature of theory offerings and their prerequisite requirements.

## OPERA WORKSHOP

**Opera Workshop** (*by audition*): The Boston Conservatory Opera Workshop is conceived as an in-depth training program. Its purpose is to prepare singers in the various skills needed by present-day opera performers.

In addition to musical coaching in roles, scenes and arias, members of the workshop attend classes in opera staging, movement, acting and diction.

The opera staging classes deal with the special problems of the singing actor,

study of scenes from the standard repertoire, and audition techniques. The movement classes are concerned with the development of external technique, control of the body, period dance steps, and isolated movement (period bows, falls, etc.). The acting classes focus on internal technique: improvisation, communication, character delineation, dramatic structure, etc. In the diction classes, French, German, and Italian stage diction are studies. Visiting guest artists occasionally conduct classes.

The Workshop presents a continuing series of operatic scenes programs in which the singing actor perfects his craft. The Boston Conservatory Opera Theater presents one major production annually with the Boston Conservatory Orchestra in the Conservatory's Theater.

## DRAMA DEPARTMENT

**Robert Owczarek, Acting Chairman**

The Drama and Drama-Music Theatre curricula are designed to provide comprehensive training for the actor and the actor-singer, respectively. Acting, speech and movement form the basis of both programs, to which the Music Theatre program adds concentration in voice, and classes in music theatre. Integral to the course work is a schedule of major productions and workshops which aim at providing immediate and continuous performance experience to test and stretch the developing performer. Required academic studies further enhance the program by creating a context for understanding the Theatre's contributions to Man's cultural life. Finally, supervised experi-

ences in directing and technical production complete the program, allowing the student personal contact with the total theatre experience.

The department has member affiliation with The New England Theater Conference, American National Theater and Academy, the American Theater Association and the University and College Theater Association.
